“PUMPKINS” IN JUNE?

Yes! **FLYING PUMPKINS, THE LEGEND OF PUNKIN CHUNKIN** is now available on DVD just in time for Father’s Day. It’s good old-fashioned uniquely American homegrown fun – for Dad and the whole family! If you like to have fun, you’ll love **FLYING PUMPKINS**. Didn't think pumpkins could fly, did ya? Think again. Wait until you see this...

FLYING PUMPKINS, THE LEGEND OF PUNKIN CHUNKIN is the feature documentary from award- winning director Costa Mantis. For one year he followed 20 teams as they built their dream machines for the annual “chunk.”

Meet Dr. Steve Siegars. He's a dentist from New Hampshire. Meet Bruce Bradford. He's an ironworker from Michigan. Meet the politician, the naturalist and the microbiologist from New Jersey. Meet BJ and Stephanie, an all womens team from Delaware. Meet the Orthodox high schoolers from the Bronx. Meet the Boy Scouts, the software engineers, the IT guys, the shrink, the little girls from Vermont – and all the good old boys and girls who started it all. Over 50,000 people turn out to watch over 100 teams compete every year, rain or shine – on a cornfield in Delaware. All the proceeds go to St. Jude Children’s Hospital.

You won’t believe some of the machines – catapults, trebuchets, air cannons, sling shots, crossbows, weird contraptions and more – or some of the people who build them – until you see the movie!

But let’s get back to the business at hand here. What are you gonna get your dad for Father’s Day? Another tie? Or a super-fantastic fun DVD on punkin chunkin? A tie? Punkin chunkin? Tie? Punkin chunkin? A portion of each DVD sold will go to benefit the needy kids at St. Jude Children’s Hospital. **YOU DECIDE!**

Please visit our website at www.flyingpumpkinthemovie.com.
Have fun – and tell all your friends about **FLYING PUMPKINS!** Thanks.
